SAVINGS
WITH
FRVA**

One of the most valuable member benefit discounts available to FRVA members is the FRVA Tire Program. In collaboration with participating Michelin (includes BFGoodrich and Uniroyal) and Goodyear dealers, members can save hundreds of dollars on light truck, passenger car, and RV tires.

While the two programs are similar in that they provide great savings on tires, they each work a little differently, which can lead to some confusion as members look to make their purchase. Below are step-by-step instructions to guide you through each of the programs.

1 Get a tire quote — Log into FRVA.com and visit frva.com/rv-tires-discounts to find the Michelin Advantage Program information. Press the **GET A QUOTE** button and choose the type of tire you need to order.
